

## **Job Advert – Fertility Nurse /Midwife Specialist**

**Job title:** Fertility Nurse/Midwife Specialist

**Hours:** Full time (Rostered 1:4/5 Saturday mornings) Fixed term 6 months with the potential of extension after review

**Salary:** Commensurate with experience

### **Job Outline**

A unique career opportunity has arisen to become a key member of Complete Fertility Centre Southampton, a privately operated centre treating private and NHS patients, based at the Princess Anne Hospital. We are seeking to add a talented and experienced fertility nurse or fertility midwife to our team on a permanent basis.

The successful candidate must:

- Be a registered nurse or registered midwife
- Have at least 2 years' experience in nursing female patients
- Have excellent communication skills

Must be a team player and able to manage workload autonomously

Our service offers a full range of diagnosis and assisted conception treatments including preconception health care, OI, IUI, IVF and ICSI, Egg Sharing/donation.

The successful candidate will have a key role in the success of the Centre. He/she will be responsible for the daily management and delivery of care to couples under highly emotional circumstances, undertake one to one patient consultations, assist in oocyte retrieval, embryo transfer, perform IUI and undertake Pelvic Ultrasound scanning if trained.

Experience as a fertility nurse or in women's health is preferable, but we are also interested in applications from junior nurses with the motivation to learn via our in house training programme. Versatility, flexibility, initiative and attention to detail are essential.

He or she will be expected to work flexibly as part of a multidisciplinary team.

### **About Complete Fertility Centre**

Originally established in 2010, Complete Fertility joined the family of Virtus Health fertility clinics in 2018. We are a close-knit and supportive team of around 40 staff, with a focus on patient care, research and innovation. Our main clinic is in Southampton with satellite clinics in Portsmouth and Bournemouth.

At Complete Fertility Centre we currently perform over 450 cycles of IVF/ICSI per year. In addition, each year, we perform over 2,000 diagnostic semen analyses and sperm freezing and run a large donor bank. With close links to the University of Southampton, we regularly participate in exciting large scale multicentre clinical trials.

Southampton is a city with a rich maritime history. Situated on the south coast of England, we are 1.5 hours by train to central London, with the New Forest, the ancient cities of Winchester and Salisbury and golden beaches of Bournemouth right on our doorstep. Local airports fly to destinations all over the UK and Europe – a perfect position to explore.

**Contact details**

To apply please send a CV and covering letter to Anne Woodward Senior Sister and Professional Lead. Informal enquiries which will remain confidential are also welcomed.
