

## **Job Advert – Nurse Manager**

**Job title:** Nurse Manager

**Job reference number:** NUR010

**Hours:** Full time (Rostered 1:4 Saturday mornings)

**Salary:** Commensurate with experience

### **Job Outline**

We are looking to recruit a talented and dynamic nurse manager. The successful candidate will have a key role in the success of the Centre and will be responsible for the clinical delivery of the nursing service, which includes an outpatient service. Someone looking for a minimum one year placement from another Virtus clinic would be highly encouraged to apply.

The post holder will be responsible for the daily management and delivery of care to couples under highly emotional circumstances, undertake one to one patient consultations, assist in oocyte retrieval, embryo transfer and perform IUI. They will support the quality management system by undertaking audits and monitoring care provided within the Centre. The post will be integrally involved in the strategic planning and growth of the Centre.

Candidates will ideally have experience of working as a senior nurse in a private or NHS fertility clinic. Or, they will have at least 10 years' experience working as a senior nurse in women's health. Experience of leadership and organisational planning is desirable but not essential. We are seeking a strong communicator, focused on positive patient outcomes, with excellent motivation for the provision of top quality fertility services.

He or she will be expected to work flexibly as part of a multidisciplinary team.

### **About Complete Fertility Centre**

Originally established in 2010, Complete Fertility joined the family of Virtus Health fertility clinics in 2018. We are a close-knit and supportive team of around 40 staff, with a focus on patient care, research and innovation. Our main clinic is in Southampton with satellite clinics in Portsmouth and Bournemouth.

At Complete Fertility Centre we currently perform over 450 cycles of IVF/ICSI per year. In addition, each year, we perform over 2,000 diagnostic semen analyses and sperm freezing and run a large donor bank. With close links to the University of Southampton, we regularly participate in exciting large scale multicentre clinical trials.

Southampton is a city with a rich maritime history. Situated on the south coast of England, we are 1.5 hours by train to central London, with the New Forest, the ancient cities of Winchester and Salisbury and golden beaches of Bournemouth right on our doorstep. Local airports fly to destinations all over the UK and Europe – a perfect position to explore.

### **Contact details**

To apply please send a CV and covering letter to Julia Paget, Clinic Director. Informal enquiries which will remain confidential are also welcomed.
