

Clinical Nurse Unit Manager

- Be part of the clinical team caring for patients in a state-of-the-art day hospital
- Work-life balance – no on call and no weekend work
- Excellent remuneration and flexible rostering

Who are we?

Alexandria Specialist Day Hospital (ASDH) is a leading provider of operating theatre services, delivering the highest possible standard of surgical expertise. Featuring a dynamic four-theatre day hospital with a large number of leading surgeons in the specialties of gynaecology, plastic/cosmetic, endoscopy, colorectal, paediatric dental and fertility procedures. Our network of day hospitals in NSW, includes Alexandria, North Shore Specialist and City West Specialist

Who are you?

- You are an all-rounder Clinical nurse manager overseeing the daily management of this busy unit, ensuring the highest possible standard of care is provided to our patients while maintaining a safe environment for our staff and VMO's.
- You have a patient-first mindset with an empathic and compassionate approach. You have exceptional organizational and clinical decision making skills
- You are a strong communicator with a natural ability to multi-task, problem solve and are able to manage your time and priorities with precision and attention to detail.

Imagine if we get together... This is an exciting opportunity for the right person. The Clinical Nurse Unit manager is a highly motivated individual with developing business acumen and is an integral member of our talented surgical team.

Desired capabilities

- Strong multi-tasking capabilities
- Demonstrated ability to consistently deliver high quality patient care through showing compassion and empathy for a diverse range of patients
- Effective organisational and time management skills with an ability for prioritisation
- A strong focus on customer service
- A willingness to work collaboratively within the team

Essential requirements:

- Current APHRA registration as a registered nurse with Minimum of 5 years postgraduate nursing
- Specialist in one or more of the following perioperative services: anaesthetics, PACU, gynaecology, plastic/cosmetic, paediatric, endoscopy/colorectal and fertility procedures.
- Strong leadership skills, with the ability to motivate and empower your team
- Ability to build and maintain partnerships with stakeholders
- Knowledgeable in the fundamentals of The National Safety and Quality Health Service Standards (NSQHS) and The Standards for Perioperative Nursing in Australia (ACORN)
- A professional, friendly, patient and courteous manner
- Strong verbal communication skills
- Exceptional attention to detail

Our culture

We are a team with a clear purpose: we work together to continuously improve the care and services we provide. We are committed to the continued training and education of our staff, and actively encourage career development. Collaboration, agility and the curiosity to investigate new ideas is how we will continue to grow as a market leader
