

# Fertility nurse – Full Time, Queensland Fertility Group

Queensland Fertility Group is the state's leading provider of Assisted Reproductive Services including IVF, with 11 clinics and embryology labs from Cairns to the Gold Coast, 40 specialist fertility doctors and 2 day hospitals. We are part of Virtus Health, which is the market leader in Australia, Singapore, Denmark and Ireland and has a growing presence in the UK. Together, we help more than 5,000 people each year become parents.

QFG has a long history of patient care and scientific advancement through research and technology, and the successful candidate for this role will play a key part in supporting the team during an exciting new phase in our growth strategy.

An opportunity exists for a highly motivated, proactive fertility nurse to join our multidisciplinary team, in a lead coordinator role. If you are enthusiastic about providing exceptional care and support to patients and can spearhead the guidance of their fertility treatment, we would love to hear from you.

## **Full-time position available based in central Brisbane**

### **What does the role involve?**

- Providing genuine care and support to our patients through their full IVF journey
- Working closely with all clinical and broader staff to fulfil an exceptional patient experience
- Lead in the scheduling of cycles and cycle management
- Communicating and coordinating all aspects of fertility treatment, information and results to patients with a high focus on patient education
- Work in a team and prioritise team goals, within a nurse-led model
- Adhering to standard operating procedures and clinical protocol
- Applying ethics, integrity and critical thinking
- Comfortable with a high level of autonomy

### **Required:**

- Current Registered Division 1 Nurse
- Minimum 5 years IVF nursing experience
- Exceptional communication and interpersonal skills, with a flexible and adaptable approach
- Excellent organisational skills and the ability to prioritise both individual and team tasks efficiently
- Highly developed stakeholder engagement skills – ability to interface with both internal and external clinicians
- Proficient computer literacy skills
- Ongoing professional development with a high level of background medical knowledge
- Can work in a team environment
- Enjoy Interacting with patients

### **Desirable:**

- Scanning and venepuncture experience will be highly desirable

If this sounds like the perfect opportunity for you, please apply by providing your current CV and a cover letter that addresses the above criteria. Email: [Lisa.Kennedy@qfg.com.au](mailto:Lisa.Kennedy@qfg.com.au)
